# Bring your Projects back on Track

*Our long-year experience will support you on your way out of crisis*

## OUR SOLUTION - PROJECT COACHING

Our Project Coaches have outstanding experience in international large-scale projects. We are used to jump into running projects, solve the problems, eliminate waste, optimize processes, and coach the team so that your project comes back on track.

We are supporting all kind of Project Management Methodologies, in example:

- Scrum
- Design Thinking
- Waterfall
- V-Modell XT
- Rapid Prototyping
- and all Hybrid Combinations

All our Project Coaches are certified Project Managers by PMI and DEKRA, and also Certified Scrum Masters (Scrum Alliance). We also provide PMI-certified Business Analysts for a close look on your Project Management Processes.

Many organizations struggle because of unforeseen events during this year.

Especially many projects must deal with impacts of the covid-19-crisis, the changes in work environment or the loss of team members.

We see your problems and we can help you with that!

## PROJECT COACHING SERVICES INCLUDE:

- Identification of hidden problems
- Root Cause Analyses
- Problem Solving Strategy
- Methodology Training
- Process Optimization
- Coaching of Project Managers
- Coaching of Project Team
